PROJECTS

- Project Title: **Stitching Elegance: The Lakshmi Tailors Online Hub.**
- Project Description: Stitching Elegance" is an easy-to-use online platform that brings Lakshmi Tailors quality uniforms like school, taxi driver, and law enforcement outfits. It offers a seamless shopping experience, making it simple for customers across India to find and order what they need.
- Project Title: **Future Project Predict System in IT Industry.**
- Project Description: Developed a machine learning–based forecasting model to predict project inflow for IT companies using supervised learning techniques (linear regression, ensemble methods). Leveraged historical client and project data to generate accurate workload predictions, enabling improved resource allocation, financial stability, and strategic decision-making.
